ADDITIONAL TOWN REQUIREMENTS
(INSPECTION LINE – 480-816-5198)

The Town Engineering Department shall be notified 24 hours prior to starting work under this permit. Town inspector shall also be notified 24 hours prior to any backfill being placed. Failure to provide said notification will subject the work to re-excavation, removal or replacement as may be required for Town inspection, at the permittee's expense. The permittee shall take full responsibility for all work done under this permit and shall complete the work in a workmanlike manner, including cleanup, landscape restoration, restoration of right-of-way and repair of damaged property. Notify Inspector 24 hours in advance when project is ready for punch list.

****Failure to obtain an inspection before completion may result in additional fees and/or penalties****

APPLICATION SUBMITTAL REQUIREMENTS

1. All applications shall submit:
 - A completed and signed permit form
 - 1 set of construction plans
 Additionally, all applicants except public utilities shall have a Town of Fountain Hills Business (privilege) License and a State Contractors License.
2. When road or lane closures are required during the work, one (1) set of Traffic Control Plans shall be submitted to epermits@fh.az.gov (including a name and phone number for 24-hour contact person), 72 hours prior to planned start of work. No street or alley closures shall occur without written approval of the Traffic Control Plans.
3. Contractor is defined as that entity which will perform the work. If Subcontractors are to be used, applicant shall name the subcontractor, address, office phone, 24 hour phone, contact, contractor license number, Town business license number, state tax number and certificate of insurance for each.

CONDITIONS OF PERMIT

1. All work to conform to MAG Specifications and Details or as revised by the Town of Fountain Hills.
2. Traffic control for any work performed within the public right-of-way shall conform to the Manual of Uniform Traffic Control Devices. Maintenance of traffic control shall be the responsibility of the permittee. Should any deficient barricading or signing occur, and the Town has to correct traffic control, the permittee will be assessed a fee per Town fee schedule.
3. General liability insurance for minimum of \$500,000 naming the Town of Fountain Hills as an additional insured and Statutory Workman’s Compensation Insurance. The applicant shall be responsible for all liability imposed by law for personal injury or property damage arising out of or related to work performed under this permit or arising out of the failure on the applicant’s part to perform its work under this permit. If any claim for such liability is made against the Town of Fountain Hills, its officers or employees, applicant shall defend, indemnify and hold them harmless from such claim, including claims alleging the negligence of the Town, its officers and employees.
4. All work shall be the sole expense of the applicant and shall be done in such a manner as to be least inconvenient and hazardous to vehicular or pedestrian traffic.
5. The proposed work shall be located and constructed to the satisfaction of the Town Engineer or duly authorized representative.
6. **THE TOWN ENGINEERING DEPARTMENT (480-816-5198) SHALL BE NOTIFIED 24 HOURS PRIOR TO STARTING WORK UNDER THIS PERMIT. The Town Engineer shall also be notified 24 hours prior to any backfill being placed. Failure to provide said notification will subject the work to re-excavation, removal or replacement as may be required for Town inspection, at the permittee’s expense. The permittee shall take full responsibility for all work done under this permit and shall complete the work in a workmanlike manner, including cleanup, restoration of right-of-way and repair of damaged property. Notify Town of Fountain Hills inspector 24 hours in advance when the project is ready for punch list. Failure to get a final inspection and acceptance of work will extend the warranty period indefinitely.**
7. The applicant shall conform to all provisions of the Arizona Blue Stake Law, and shall call 1-800-STAKE-IT a minimum of 48 hours prior to any work involving excavation.
8. If any of the right-of-way occupied and used by permittee is deemed to be needed or required by the Superintendent of Streets, this permit may be revoked by the Town and all rights thereunder are hereby terminated and upon notice from the Town the permittee shall immediately remove all property owned by permittee.
9. Excavated or stored material shall not be placed or stored on pavement, sidewalk, or traveled roadway surface unless specifically stated and approved on this permit.
10. Excavation within the roadway, and within 3 feet from pavement edges, shall be recompacted to a minimum of 95% relative density (ASTM D-698) within 2 feet of the bottom of the pavement section and 90% below 2 feet. All excavation will require the permittee to pay for and furnish the Town with compaction tests. The minimum amount of test required will be 1 for every 2 feet of fill for lateral cuts, and one every 500 feet for every 2 feet of fill for longitudinal cuts. The minimum amount of test required three feet beyond the pavement edge will be one every 500 feet. Compaction test results shall be submitted prior to finish asphalt being placed or finalizing permit. Non-shrink backfill may be placed in lieu of the above compaction requirements. Asphalt or aggregate base course thickness shall meet existing thickness, minimum 2” AC on 6” ABC. A temporary patch of cold mix will be allowed.
11. Payment and submittal of any additional testing requirements will be the responsibility of the permittee.
12. In addition to the specific conditions of permit herein set forth, permittee shall be subject to and abide by all applicable provisions of Section 16 of the Fountain Hills Town Code dealing with encroachment.
13. **Notify Town of Fountain Hills Street Department 48 hours in advance for removal, replacement or new installation of signs.**
14. Lack of diligence in performing or protection of the work zone may result in cancellation of the permit, an administrative fee, and cost of restoration by the Town and/or a misdemeanor (Town Code 16-1-12).
15. This permit will expire 6 months (180 days) from the application date. If the proposed work is not complete and inspection has not been performed, applicant will need to reapply for a new permit. Please initial that you have read and agree to the terms above.

Initials

AGREEMENT

FOR AND IN CONSIDERATION of the granting of this permit for the purpose set forth herein, the permittee hereby agrees, covenants and binds said Permittee to all responsibilities, liabilities and demands of all applicable Town, State and Federal regulations and to all conditions set forth in this permit.
