Town Implements CodeRED Emergency Notification System

The Town of Fountain Hills is making efforts to prepare our residents for emergency situations by taking part implementing an emergency notification system with the CodeRED emergency notification system. While everyone knows it's important to prepare, the Town of Fountain Hills wants to ensure that everyone knows exactly what to do in the event of an emergency. The CodeRED system enhances communications between residents and Town public safety personnel by sending telephone calls, text messages, emails and social media alerts directly to enrolled residents.

The Town urges all residents to enroll to receive emergency alerts through CodeRED. Enrollment is easy! To enroll, visit the Town website at www.fh.az.gov/codered and click on the CodeRED logo at the bottom right of the homepage to update their contact information.

The Town asks residents to encourage their family members, friends, colleagues and other groups about the CodeRED system and make sure they are in the emergency database. We rely on the CodeRED system to keep our community informed during an emergency, so we need to make sure we have your contact information.

For more information please visit: www.fh.az.gov or call 480-816-5100.
